

# SHARP SHOOTER TRIFORINE

# Ausgro

## FOR HEALTHIER FUNGUS FREE ROSES

Triforine is the most popular rose fungus killer in the world, and is the one favoured by most professional horticulturists for control of Black Spot, Powdery Mildew and Rust on roses.

### Benefits:

- Triforine acts long after it is sprayed
- **Safe to use**
- **Low environmental impact** beyond the control of fungus growth and spread
- **More effective** –The Ausgro manufacturing process has improved stability techniques to guarantee a more
- stable, longer lasting product.

*It is systemic fungicide which can prevent the initiation and spread of fungi for several weeks depending on weather conditions.*
